

SIREN PRO COMPETITION BMX

HIGH-PERFORMANCE RACE TIRE

Designed by former World Champion, Olympic silver medalist and G.O.A.T contender Sam Willoughby, the Siren Pro offers BMX racers unparalleled performance on any track. Lightweight and fast-rolling, the 120 TPI, tubeless-ready tire rails turns, smooths out technical straightaways, and provides insane grip on the gate and out of corners.

"You may want to bump up your gearing because you're going to be cruising quicker than ever with the Siren Pro." —Sam Willoughby

Center slick design for gaining maximum speed

Super-narrow gaps in the center tread grip the start gate without flexing

Wider gaps on the shoulder provide max grip when cornering

Supple 120 TPI shaped casing

Tubeless Ready
